

MD of Lesser Slave River #124
Leadership Opportunities—Work your Way.

*Picture a path where your career isn't just a job – it's a journey.
Where you can take the lead, draw strength from others, and find brave new ways forward.
Imagine a place that offers the best of both worlds: a good living...and a great life.*

Progressive leadership isn't paint-by-number. It's a puzzle; putting the right pieces where they belong. It's about finding resourceful ways to solve complex problems.

That's why we're taking a different path to growing our leadership team. Instead of the same-old textbook requirements and cookie-cutter job descriptions, **we want you** to start the conversation. Tell us who you are, where life has taken you, and what you envision next for your career.

The opportunity exists for management-tier candidates to join our progressive and well-positioned municipality. We seek to attract leaders who are innovative, adaptable and contribute, with strong interpersonal and communication skills and a shared passion for public service delivery. They will contribute to the positive culture within their department and across the organization, and they will be critical in developing, advancing, and achieving Lesser Slave River's strategic priorities.

LEADERS WILL BRING:

- Broad-spectrum municipal governance education and experience, encompassing diverse operational areas such as public engagement, environmental stewardship, transportation and infrastructure, utility service provision, community development, finance, and legislative considerations.
- Exceptional leadership skills with the proven ability to develop and mentor personnel in alignment with goal-based performance benchmarks.
- Proven strength in project and task management, emphasizing the importance of staying within budget and time constraints.
- Resourceful and innovative mindset adept at solving complex problems and challenges that balance resource capacities with municipal needs.
- Ability to execute a given directive from initiation to completion with competence and repetition accuracy.
- Leadership acumen to build a unified team that delivers exceptional public service aligned with CAO and Council priorities.
- Compassionate, empathetic, and fair leadership style, coupled with an open-door policy, is of utmost importance.

LESSER SLAVE RIVER PROVIDES:

The MD offers a sense of belonging, the chance to be part of impactful projects, and the opportunity to enjoy a higher quality of life in a close-knit community.

Nestled in the natural splendor of Alberta's boreal region, and conveniently located just 2.5 hours away from Edmonton, the MD offers a unique and exceptional opportunity for those seeking the best of both worlds: professional reward and personal well-being. We're extremely proud of our supportive and inclusive work environment where ideas are valued, teamwork is encouraged, and opportunities for professional development are there for the taking.

If you're seeking a rewarding career in the municipal service sector, the MD of Lesser Slave River is where you want to be.

Our collaborative culture empowers team members to have a direct impact on regional policies and initiatives that truly matter. This not only enhances their professional growth and knowledge but also enables them to contribute positively to the welfare of the region and its residents.

The upside of a career with the MD goes beyond just the professional realm. By choosing to work here at the MD of Lesser Slave River, you have the potential to truly make a difference — both in your own life and the lives of the citizens you serve.

If you've forged a career path in public service, you're driven by the prospect of making a real difference in the lives of others. Align yourself with a progressive municipality that serves its staff in the same manner.

THE BEST OF BOTH WORLDS

It goes without saying that a healthy work-life balance can lead to reduced stress levels, improved mental well-being, and a closer connection to nature. We offer competitive compensation packages, family focused benefits and related perks to attract top talent, making the MD an appealing option for professionals seeking a meaningful and balanced career in a uniquely beautiful setting.

The genuine work/life balance here at the MD is considered by many as one of our key differentiators. In contrast to many organizations where the lines between work and personal life can blur, we offer a more relaxed and flexible atmosphere that strikes a better balance between your professional responsibilities and your family, hobbies, and leisure activities.

Experience the best of both worlds. Grow a fulfilling career where the sky's the limit and reap the many benefits of a family-first rural lifestyle.

RUGGED AND REAL

As a progressive local government in the boreal region of Alberta, the MD of Lesser Slave River provides a diverse range of leadership-oriented career opportunities in vital areas of public service provision including agriculture, community development, growth, development and compliance, economic development, finance, water and waste management, and transportation infrastructure.

We're staffed by a dynamic group of talented professionals who share a passion for serving the community. We work hard to find the people who fit, and then we work even harder to support, reward and retain them.

Another important differentiator is that we're truly blessed with natural beauty. Many of our MD's ten thousand square kilometers consist of boreal forest, provincial parks, white sand beaches, and Alberta's inland sea: Lesser Slave Lake.

You may have honed your skills in the hum of an always-on urban center, but maybe it's time to make a change. Please visit our website for more information about us, our community and the leadership opportunities [Your Future starts here!](#)
